DEEP STATE / SHADOW GOVERNMENT

104

Last week those who replied, were anxious and had deep concerns that the DS/SG was so prominent and so entrenched, in every aspects of our life, that it seems to overwhelming and to mind consuming. It took years for them to infiltrate, so it will take years to remove them, but we cannot despair as the truth usually prevails.

In DS/SG 103-1, I provided the Prayer of Serenity. There is a reason why I included the prayer, for it gives a realistic direction/goal for us to remember: “God, grant me the Serenity to accept the things I cannot change, (the) courage to change the things I can, and (the) Wisdom to know the difference”.

In DS/SG 102, I listed three major responses that I continually hear;

1. Do these entities really exist?
2. How did the Deep State & Shadow Government get to be so strong & influential?
3. How have they stayed hidden all these years?

I am going to add #4 to this list. “How do we stop the corruption and the power & control that have removed our Constitutional protections of our GOD given, unalienable rights?”

If a person has a computer and knows how to research, there should be no question as to whether the DS/SG exists. Everyone who had discussed questions 2 & 3 were more interested as to when we could start to take America back and regain our real State & Federal Governments and the guaranteed protections that are found in the U.S & Maine Constitutions.

Because the founders of the U.S & Maine Constitutions gave **us** the power to establish and preserve the State & Federal Governments, we should by the snap of a finger, stop the corrupt fake governmental powers and re-establish governments that work for the people. However, the corruption is so deep we must begin slowly with brave people who are honest and are willing to fight for the truth.

The human is basically a social animal and we rely on others in our community to protect us. History will prove that we always hope that others will protect us, which sets up an easy scenario for those who want to have governmental power. This condition allows for the possibility for corruption. Here are four adages to contemplate: “power corrupts; absolute power corrupts absolutely” & “Power tends to corrupt; absolute power corrupts

absolutely' & "Power does not corrupt men; fools, however, if they get into a position of power, corrupt power" & 'Power attracts the corruptible. Absolute power attracts the absolutely corruptible".

When honest and truthful citizens are not directly active in their choice of a political party, if they do not run for positions in their local or state government, the possibility of corruption can and will eventually happen! So our fight for freedom & liberty begins at home with our families. Secondly, the honest and truthful citizens in our communities need to become active in the town and city governments. This is the first step for liberty!
